STUDENT GROUPS

Gaps between student groups

Percent Proficient or Distinguished for each reported group, and how far each sits from the district as a whole. Small groups show their size instead of a comparison.

Students with Disabilities

Points behind Students without Disabilities

Math	24.5 pts +5.2
Science	21.4 pts −1.3
Social Studies	41.0 pts −5.6

The second figure is the change in the gap since 2024–25 — green and positive means the gap closed by that many points.

Source: Georgia Milestones district aggregates published by the Governor's Office of Student Achievement. “Proficient or Distinguished” combines the top two of Georgia's four achievement levels and is the measure used for grade-level readiness. Cells marked “—” were withheld by the state because the group was too small to report without identifying individual students; they are excluded from averages rather than treated as zero. Where a student group is small, its size is shown beside the percentage and no comparison is drawn — a single student can move such a figure by tens of points, so it should not be read as a trend.
