STUDENT GROUPS

Gaps between student groups

Percent Proficient or Distinguished for each reported group, and how far each sits from the school as a whole. Small groups show their size instead of a comparison.

Students with Disabilities

Points behind Students without Disabilities

Math	**23.6 pts** **+2.5**
Science	**18.9 pts** **+13.6**

The second figure is the change in the gap since 2024–25 — green and positive means the gap closed by that many points.

Source: Georgia Milestones school aggregates published by the Governor's Office of Student Achievement. “Proficient or Distinguished” combines the top two of Georgia's four achievement levels. Cells marked “—” were withheld by the state because the group was too small to report without identifying individual students. School-level groups are small by nature, so figures move more from year to year than a district's do — read them alongside the district trend rather than on their own.
